REGATTA UPGRADE PLATINUM

This upgraded event is designed for corporations as a training tool for executives, corporate clients or stakeholders. Our Platinum Regatta is as individual as the weather, wind and tides of the day.

Our Race Director will ensure all aspects of your needs are met in the bespoke design of your sailing experience; from leadership, team bonding, to team work and competition. We place a lot of effort to ensure the event is a very worthwhile investment on your part. We fully understand that time out of the office needs to be well spent, informative and enjoyable. We will work with your Event Manager and draft the days experience for your review and acceptance.

The Platinum format has less crew aboard each yacht in order for them to be pushed harder to achieve a desired outcome.

Our Race Director is chosen from our cohort of sailing Olympians and sportspeople that have succeeded in achieving amazing results while best utilising their team and network. Our Race Directors are inspirational people that are involved from the minute your team comes to Eastsail, to when they are bid farewell. They will pin point the best achievers at the prize presentation and note others that have tried their best and showed individual quality performance.

A truly unique team building event. And no better place to take part in, on our beautiful Sydney Harbour and surrounds.
